To the Government of the Republic of Armenia

Opinion

We have audited the project financial statements of North-South Road Corridor Investment Program-Project 3 (the "Project"), financed by the Asian Development Bank (the "ADB") Loan number 2993-ARM, implemented by the "Transport Project Implementation Organization" SNCO, which comprise the statement of project sources and uses of funds, the advance account statement and the government co-financing accounts statements as of and for the year ended 31 December 2017 and the statement of expenditures ("SOEs") submitted to the ADB for the year ended 31 December 2017 in support of Loan Agreement 2993-ARM withdrawals, and notes to the project financial statements, including a summary of significant accounting policies.

In our opinion,

- the accompanying project financial statements and appended notes that were also the subject of the audit, give a true and fair view of the cash position of the North-South Road Corridor Investment Program-Project 3 as of 31 December 2017, and of the cash received and cash paid for the year then ended in accordance with the International Public Sector Accounting Standards ("IPSAS") Financial Reporting Under the Cash Basis of Accounting issued by the International Public Sector Accounting Standards Board of the International Federation of Accountants, the Asian Development Bank guidelines ("Project Financial Management and Analysis") and the covenants of the Loan number 2993-ARM;
- the "Transport Project Implementation Organization" SNCO has utilized all proceeds of the loan
 withdrawn from the Asian Development Bank only for purposes of the Project as agreed between the
 Republic of Armenia and the Asian Development Bank, in accordance with the loan agreement; and no
 proceeds of the loan have been utilized for other purposes;
- as of the reporting date the "Transport Project Implementation Organization" SNCO was in compliance with all financial covenants of the Loan Agreement number 2993-ARM.

In addition:

- (a) with respect to the statements of expenditures, adequate supporting documentation has been maintained to support claims to the Asian Development Bank for reimbursements of expenditures incurred; and (b) expenditures are eligible for financing under Loan Agreement number 2993-ARM.
- (a) the advance account and the government co-financing accounts give a true and fair view of the
 receipts collected and payments made during the year ended 31 December 2017; and (b) these receipts
 and payments support advance account liquidations/replenishments during the year ended 31 December
 2017.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Project Financial Statements* section of our report. We are independent of the "Transport Project Implementation Organization" SNCO in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (the "IESBA Code") together with the ethical requirements that are relevant to our audit of the financial statements in the Republic of Armenia, and we have fulfilled our other ethical responsibilities in accordance with those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

- We draw attention to note 2 to the project financial statements, which describes the basis of
 accounting. The project financial statements are prepared to assist the management of the "Transport
 Project Implementation Organization" SNCO to meet the requirements of the financial reporting of the
 Asian Development Bank. As a result, the project financial statements may not be suitable for another
 purpose. Our opinion is not modified in respect of this matter.
- We draw attention to note 10 to the accompanying financial statements, which describes the changes in the political situation of the Republic of Armenia Although there is certain political instability at present, the management of the "Transport Project Implementation Organization" SNCO does not consider that these processes will have a significant impact on the Project's performance, direction and continuity, and according to the management of the "Transport Project Implementation Organization" SNCO, there is no necessity to adjust the project financial statements as of and for the year ended 31 December 2017. Our opinion is not modified in respect of this matter.

Responsibilities of Management for the Project Financial Statements

Management of the "Transport Project Implementation Organization" SNCO is responsible for the preparation and fair presentation of the project financial statements in accordance with IPSAS Financial Reporting Under the Cash Basis of Accounting, the financial covenants of the Loan Agreement 2993-ARM and the Asian Development Bank guidelines, and for such internal control as management determines is necessary to enable the preparation of project financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Project Financial Statements

Our objectives are to obtain reasonable assurance about whether the project financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these project financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the project financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that
 is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
 misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion,
 forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the "Transport Project Implementation Organization" SNCO's internal control.
- Evaluate the appropriateness of accounting policies and the reasonableness of accounting estimates and related disclosures made by management.
- Evaluate the overall presentation, structure and content of the project financial statements, including the
 disclosures, and whether the project financial statements represent the underlying transactions and events
 in a manner that achieves fair presentation.

We communicate with the management, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

This statement is to be read in confinction with the notes to and forming part of the project financial statements set out on pages 11 to 19.

Notes to the Project financial statements

1 Nature of operations and general information

The "Transport Project Implementation Organization" SNCO, which is the successor of State Agency "Transport Projects Implementation Unit" of the Ministry of Transport, Communication and Information Technologies of the Republic of Armenia and "North-South Road Corridor Investment Project Implementation Organization" SNCO, was established as a State Non-Commercial Organization by the Government Decree No 1304-A of the Government of the Republic of Armenia dated 15 December 2016.

The "Transport Project Implementation Organization" SNCO implements the "North-South Road Corridor Investment Program - Project 3" (the "Project"), which is financed under the Loan Agreement 2993-ARM signed between the Government of the Republic of Armenia and the Asian Development Bank (the "ADB") on 11 March 2014. The loan was declared effective on 24 July 2014.

The budget of the Project is as follows:

Loan number 2993-ARM

| | In USD |
|---------------|-------------|
| ADB | 100,000,000 |
| RA Government | 32,467,457 |
| Total | 132,467,457 |

The objective of the Project is to develop a subregional and national road transport network within the Republic of Armenia. Upon implementation, the Project will:

- a) facilitate efficient subregional road transport transit;
- b) increase trade flows and competitiveness;
- c) lower transport costs;
- d) increase mobility and accessibility to markets, jobs and social services;
- e) improve governance.

The Project comprises the following parts:

- Part A. Reconstruction of the two-lane road section between towns of Talin and Lanjik of approximately 18.7 kilometers and widening such section to a four-lane dual carriageway;
- Part B. Preparation and implementation of a long term road subsector plan and road asset management and road maintenance administration system;
- Part C. Preparation of feasibility study for Artashat-Kajaran section (304 km) of the North-South corridor; and
- Part D. Project implementation support and preparation of a subsequent tranche under the Project, including preparation of the related feasibility study and detailed engineering design.

The Project closing date is 14 September 2019.

The Project is mainly financed through the following categories:

Loan number 2993-ARM

| | Category | | |
|--------|---------------------------------------|---|--|
| Number | Item | Total Amount Allocated for ADB Financing (In USD) | Percentage and basis for withdrawal from the Loan Account |
| 1 | Works | 65,000,000 | 100 percent of total expenditure* |
| 2 | Consulting Services | 10,600,000 | 100 percent of total expenditure* |
| 3 | Goods | 2,400,000 | 100 percent of total expenditure* |
| 4 | Project Management Support | 2,000,000 | 100 percent of total expenditure* |
| 5 | Interest Charge and Commitment Charge | 5,000,000 | 100 percent of amounts due |
| 6 | Unallocated | 15,000,000 | |
| | Total | 100,000,000 | |

^{*} Exclusive of taxes and duties imposed within the territory of the Republic of Armenia.

The financing of land acquisition and resettlement within the scope of the Project is implemented from Government of Armenia sources.

The operating address of the "Transport Project Implementation Organization" SNCO is 4 Tigran Mets Ave, Yerevan, Armenia.

During the reporting year the average number of the staff involved in the Project was 18.

2 Significant accounting policies

2.1 Basis of preparation

The project financial statements have been prepared in accordance with IPSAS Financial Reporting Under the Cash Basis of Accounting. Under this basis of accounting financing is recognized when received rather than when earned and expenses are recognized when paid rather than when incurred. The project financial statements also comply with the Asian Development Bank guidelines ("Project Financial Management and Analysis") and the covenants of the Loan number 2993-ARM.

2.2 Financing

The Project financing is recognized as such and included in the project financial statements only when suppliers are paid from the loan account for direct payment procedures. Advance account financing is recognized as such and included in the project financial statements only when the funds from the loan account are transmitted to the advance account opened in the State Treasury of the Republic of Armenia.

The amounts of the Government co-financing are recognized as such and included in the project financial statements when the funds are transmitted to the Project current account (the "Government co-financing account"), which is opened in the State Treasury of the Republic of Armenia.

2.3 Planned expenses

As of the end of the year "Planned Project Expenses" comprise the sum of the amount of "Actual Project Expenses" as of the end of the previous year and the annual budget expenses of the reporting year.

2.4 Expenses

The Project expenses are recognized as such and included in the project financial statements when the payment is made to suppliers of goods, works and/or services. The payments are made either directly from the Loan account or from the advance and Government co-financing accounts. The costs of fixed assets acquired are recognized as an expense in the Statement of Project sources and uses of funds. For certain users the cost of acquired fixed assets is disclosed in note 3.

2.5 Functional and presentation currency

The national currency of Armenia is the Armenian dram ("dram"), which is the "Transport Project Implementation Organization" SNCO's functional currency, since this currency best reflects the economic substance of the underlying events and transactions of the "Transport Project Implementation Organization" SNCO.

These project financial statements are presented in US dollars (presentation currency).

Government co-financing amounts in Armenian drams and payments made from those amounts are converted into USD applying the exchange rate announced by the Central Bank of Armenia on the previous date of the transaction. For direct payments denominated in currency other than the functional currency to the contractor/consultant from the ADB share, the exchange rate set out for the presentation of the operation in the system LFIS (Ifis.adb.org) is used.

In preparing the project financial statements, transactions in currencies other than the functional currency are recorded at the rates of exchange announced by the Central Bank of Armenia prevailing on the previous dates of the transactions. At the reporting date, monetary items denominated in AMD are retranslated into USD at the rate announced by the Central Bank of Armenia prevailing on that date, which is 484.10 Armenian drams for 1 US dollar as of 31 December 2017 (483.94 Armenian drams for 1 US dollar as of 31 December 2016).

3 Fixed assets

The fixed assets of the Project consist of property and equipment purchased for the needs of the "Transport Project Implementation Organization" SNCO for the period of the Project implementation. The cost of fixed assets includes purchase price and other related acquisition costs which were financed from the ADB funds. The fixed assets actually used within the framework of the Project consist of the following:

| In USD | For the year ended 31 December 2017 | As of 31 December 2017 |
|---------------------------------|---|---------------------------|
| Computer software and equipment | 11,822 | 21,010 |
| Furniture | | 833 |
| Other | 475 | 687 |
| | 12,297 | 22,530 |

4 Bank accounts

The account balances of the Project are stated in the following table:

| | As of 31 December 2017 | | |
|---|------------------------|-------------|--|
| | In USD | In AMD | |
| Government co-financing account in AMD | 6,655 | 3,221,475 | |

9 Project implementation

As of December 31, 2017 the financial progress of the Project was 23% in the framework of the Loan Agreement. Meanwhile, the physical progress of the Project (Construction of Tranche 3) was only 11%.

10 Subsequent events

In April-May 2018 after the resignation of the Prime Minister nominated and elected by the ruling political party in the National Assembly as a result of the political upheaval and disobedience of the population in the Republic of Armenia, the National Assembly nominated the popular candidate for the post of the Prime Minister, and accordingly, a new government was formed, which considers itself temporary until the formation of the new National Assembly through extraordinary elections. Although there is certain political instability at present, the management of the "Transport Project Implementation Organization" SNCO does not consider that these processes will have a significant impact on the Project's performance, direction and continuity, and according to the management of the "Transport Project Implementation Organization" SNCO, there is no necessity to adjust the financial statements of the Project as of and for the year ended 31 December 2017.
